

Pathways: Individual Executive Coaching

Advance your career to the next level

OVERVIEW

This customized engagement within the Pathways program helps individuals achieve personal and professional growth while providing structure and support for ongoing development. Tenured CIO Executive Coaches are highly effective leaders offering real-world insight, expertise, and experience in specific areas of development. Coaches are trusted advisors, committed to providing unbiased guidance in a safe and confidential environment, helping participants reach their goals, and integrate practical leadership style changes.

PRODUCT OFFERING

- Digital certification upon completion of the program

OUTCOMES

- Career advancement through a customized development plan
- Enhanced leadership skills and personal confidence
- Broadened executive knowledge and competencies
- Improved readiness for emerging leadership opportunities
- Expanded professional network and resources

“I recently completed the coaching portion of the CIO Pathways program. I honestly have to say it was truly the best one-on-one coaching experiences I have ever received. Working with someone who truly understands what it takes to be a leader in the IT industry really was “key” in identifying areas that I needed to focus on and strengthen. This has definitely been my personal favorite part of the entire program and has improved my confidence and leadership skills.”
